W 11 D CHERRY HAS LONG BEEN fanown to possess important medicinal properties. This that is familiar to every matron in our land, and physicians often preacribe it in different forms for a variety of complaints. Tar, alvo, has been equally noted for its virtues; and some physicians, whose names are familiar. and some physicians, whose names are familiar to the whose country, have gone so far as to declare that even CONSUMPTION could be cured by that alone. In other hands, again, it was nearly valueless, owing, no doubt, to their ignorance in preparing and administering it—a difficulty new entirely and forever obviated by patient experiment and long experience.

patient experiment and long experience.

The extraordinary medicinal powers of these two substances are now, for the first time, combined and embedded in DR. WISTAR'S BALSAM OF WILD CHERRY. By a nice chemical process, every thing deleterious or useless is rejected, so that what remains is the most extraordinary and traly efficacious remedy for all kinds of pulmonary and liver diseases ever known to man. To convince all unbelievers that our theory is really true, we refer to a few cases of cures performed by this wonderful medicing:

Cure for Consumption!

Liver Complaint, Colds, Coughs, Asthma. Bronchitis, and all Throat and Lung Complaints.

Complaints.

I HAVE published a brief work on Consumption, which contains an invaluable recipe for the cure of those prevalent diseases, even in their worst stages, when friendship and physicians have given up all hope. The hints on dict, dress, exercise, &c., &c., are very valuable. The Lung Balsam prescribed in this work cures without the expensive aid of physicians or injurious use of patent medicines. In adopting this system of cure the patient knows what is using—knows that he is not shortening his days by the use of anodynes or mercurals, which may seem to relieve hit never cura.—

Ile knows when using this Life Sacing Balsam; that he is taking mild, pleasant, efficacious remdeles, such as Acting Prescribes for the ills her children suffer. The ingredients composing this Lung Balsam are obtainable, (chiefly too) wherever consumption exists, proving that every ill has its antidate. Consumptive patients may rely an this recipe—(all Lung Complaints are removed by its use)—I would not attach my name to, it, had I a doubt of its efficacy.—

The directions for preparing and using the Balsam, are perfectly plain. I prefer selling the Recipe to making the Balsam, as it enables people to make their own Medicinent a trifting cost. I will impart the secret of making the Balsam, as it enables people to make their own Medicinent a trifting cost.
